Is PRP Vessel Aware of Incidents	Don't know
Remarks	Star Princess Bridge Officer informed Environmental Officer about an oil sheen off port side of Star Princess while docked at the Railroad Dock (Forward berth) at 1848. Environmental Officer contacted Star Princess Agent about oil sheen observed by Bridge staff. Ocean Ranger and training Environmental Officer went to the port bridge wing to observe and take photos. Ocean Ranger and Training Officer went to deck fourteen (Lido deck) port side to observe, take photos, and try to determine origin of oil sheen. Observations continued on deck seven Promenade deck) port side and could not determine origin of oil sheen. Sheen had been carried by tide and wind to the forward port section (bow) of Star Princess.
Will Vessel Be Self Reporting Incident to ADEC-SPAR	Don't know
Remarks	Environmental Officer reported to CLAA Agent and Harbor Master in the Port of SKG. CLAA Agent informed Environmental Officer that sheen was caused by tour buses and rain run off on the RR Dock.
